2021 NORTH AMERICAN INVASIVE SPECIES FORUM

Montreal, Quebec, Canada

The North American Invasive Species Forum is an international event encompassing the interests of professionals and organizations involved in invasive species management, research, and regulation across North America.

The Forum will bring together the international invasive species community and will highlight new research, emerging issues, success stories and prevention and response initiatives from across Canada, Mexico and the U.S.. The forum will also build on the previous North American Invasive Species Forum held in 2017.

The Canadian Council on Invasive Species is hosting this Forum with the support of, and guidance from, an international steering committee representing the U.S., Canada, and Mexico.

KEYNOTE SPEAKERS-WORKSHOPS-PRESENTATIONS-NETWORKING

**Note: Based on current travel restrictions and limited indoor capacity in Canada due to Covid-19, the event is scheduled to be made available for in-person and virtual attendance. The steering committee is monitoring the situation closely and if significant changes occur, prohibiting an in-person option, the event will be moved to a solely virtual event. Stay tuned for further updates and notifications.*
