2011 Summary of Activities: (through Oct, 2011):

The committee has been inactive for the past few years. Dr. Les Glasgow serves as the advisor to this committee and request that we submit a symposium topic for the 2013 WSSA meeting. The chair has solicited the committee for ideas mainly focused on how herbicide resistant weeds have caused changes in herbicide use and subsequent environmental impacts.

Committee members have rolled off this year and some have committed to begin in 2012. These include:

John McGregor	Bayer CropScience, Raleigh NC	Region NC
Ilias Travlos	Agricultural University of Athens, Greece	S

The committee chair will continue to solicit other members to serve.

Sincerely,

Timothy Grey
