Jachetta: The Editors of our journals need Board approval to continue on in their role if they agree to continue for an additional term. We have four individuals that are in this category:

- Neil Harker, Weed Technology Editor
- Joe DiTomaso, Invasive Weed Science and Management Editor
- Trey Kroger, WSSA Newsletter Editor
- Wun Chao, WSSA Abstract Editor

All of these people have agreed to continue in their positions. Please confirm that you support this decision by this coming Friday, December 3d.

Thu 12/9/2010 12:51 PM: all our Editors that needed reconfirmation in 2011 were confirmed by the Board unanimously
