FEBRUARY 22 – 24, 2022

JOINT ANNUAL MEETING

## **62<sup>nd</sup> Meeting of the Weed Science Society of America Joint Meeting with the Canadian Weed Science Society**

What a year! As we held out to the bitter end planning for an in-person annual meeting in Vancouver, CDC guidelines restricting travel in January ended our hopes. The in-person program was filled with nearly 370 title submissions offering diversity rarely observed.

Transitioning the program to a virtual format has been a difficult task. Challenging our decisions are the high number of title submissions along with society members clearly noting in our fall survey that virtual fatigue must be avoided. To meet these challenges, our board decided to focus the live stream presentations on our students, the general session, our WSSA business meeting and WSSA/CWSS awards. All other presentations will be placed on our virtual platform being available for one full year to those who register.

Starting February 22 at 3:00 pm CST, our general sessions will include beekeeper Conrad Bérubé sharing his first-hand experience dispatching the first Asian giant hornet nest discovered in North America and Stephen Novak sharing lessons learned from the long-running battle with cheatgrass in the Pacific Northwest. Presidents Anita Dille (WSSA) and Marie-Josée Simard (CWSS) will collaborate on the presidential address. After their presentations, we will recognize our outstanding award winners from both WSSA and CWSS and new Fellows & Honorary Members of the WSSA.

Our program will continue to run throughout the day on Wednesday, February 23 and Thursday, February 24 beginning at 9 am CST each day; sessions will not be concurrent, simplifying your ability to participate and maneuver through the program. Arguably, the greatest downfall to a virtual meeting is the inability of our students to network, so please make sure to support them by participating and learning about their research.

On Wednesday, February 23, the Women in Weed Science networking event will take place from 11:15 to 12:15 pm CST. On Thursday, February 24, the WSSA Graduate Student Organization will be hosting their business meeting from 11:00 am to 12:00 pm CST. Our meeting will conclude with the WSSA business meeting and WSSA/CWSS oral and poster presentation awards occurring from 4:30 to 6:30 central time on February 24<sup>th</sup>.

Pre-recorded oral presentations and PDF posters, including our student competition posters, will be available on the virtual platform once the meeting begins. The opportunity to visit these presentations is quite different than last year as you will have access to each presentation for a full year. Additionally, we are working with our symposium organizers to set up 2 to 3 webinars that will be offered to our members throughout the year.

Thank-you for joining the 2022 WSSA/CWSS joint meeting. We appreciate your ongoing support of our societies and look forward to your participation throughout our annual meeting.

Stanley Culpepper, WSSA Program Chair and President-Elect
