Eligibility

Nominee must be a member of the WSSA and have taught a weed science course(s) at least five times or have served as major professor for at least five students who have received advanced degrees and whose research was in weed science. Any WSSA member who has won an outstanding service award is not eligible to receive another one for the subsequent three years. The nominator is not required to be a member of WSSA.

Nomination Procedure

The nomination package should be emailed to the committee chair and must be complete and formatted as a single pdf file. A complete package consists of a nomination form, nominator's letter and evaluation form, and three supporting letters and evaluation forms. The nominator may get the statistical and biographical material from the nominee or they may ask the nominee to fill in that portion of the nomination form. However, the nominator's evaluation should be confidential. All materials will be kept confidential. Unsuccessful nominations will automatically be reconsidered for two subsequent years. Nominators are strongly encouraged to update nomination packages each year.
