The WSSA 2026 Program

Welcome to the 2026 Weed Science Society of America (WSSA) Annual Meeting!

We are thrilled to gather at the Crabtree Valley Marriott in Raleigh, North Carolina. Nestled in Crabtree Valley, our venue offers the perfect balance of convenience and is situated adjacent to the Crabtree Valley Mall and just a short ride from the vibrant energy of downtown Raleigh.

Our program kicks off early with a **Pre-Conference Tour** of the Syngenta facilities in Greensboro on Monday morning (7:00 AM – 2:00 PM). For those looking to network early, the **Women in Weed Science Networking Event** will also be held Monday afternoon from 2:00 PM – 3:30 PM.

The **General Session** officially begins at 4:15 PM on Monday, February 24, 2026. We are honored to welcome our Keynote Speaker, **Dr. Garey Fox**, Dean of the College of Agriculture and Life Sciences at North Carolina State University. Following the keynote, President Hilary Sandler will deliver the Presidential Address, followed by our annual awards ceremony and a celebratory food-and-drink reception.

Student Engagement & Competition As always, the WSSA meeting is dedicated to the next generation of scientists. With 152 students competing in the Single Slide Talk (SST) and poster contests, the talent on display will be exceptional.

- **Tuesday:** Student Lunch and Business Meeting (12:00 PM) featuring a roundtable on "Careers in Emerging Ag-Tech and Startups."
- **Tuesday/Wednesday:** SST contests begin Tuesday afternoon, with the finals held Wednesday at 8:30 AM.
- **Wednesday:** A "Scientific Writing" workshop starts at 3:30 PM, followed by the Student Awards Ceremony at 5:30 PM.

Symposia and Science We are proud to offer three distinct symposia this year:

1. **Tuesday Morning:** "Bridging the Gap: Regulatory, Technical, and Industry Perspectives on Targeted and Autonomous Weed Control."
2. **Tuesday Afternoon:** "Re-framing the Discussion of Herbicide Resistance – Perspectives on Best Practices for Real-time Management in the Field."
3. **Wednesday Morning:** An interactive poster symposium hosted by the Herbicide Resistance Action Committee (HRAC).

Beyond the sessions, we invite you to join the **5K Puff Run/Walk** on the Raleigh Greenway Wednesday morning at 7:00 AM, or join the Tuesday night bus to the **Glenwood Avenue** restaurant district at 6:00 PM. We conclude on

Thursday with three exciting **Post-Conference Tours**: Cotton Incorporated, local BASF research facilities, and the North Carolina Museum of Natural History.

Special thanks to our local arrangements personnel Charles Cahoon, Ramon Leon, Dallas Taylor, Andrew Blythe, David Belles, Gaylon Morgan, and Navdeep Godara, and the WSSA Executive Secretary, Eric Gustafson, for keeping this program chair on course and organizing numerous events. We acknowledge guidance from WSSA Executive board members Dawn Refsell and Hilary Sandler; their input has been crucial in the development of the program. We thank our Contest Chair Darrin Dodds, along with all those who stepped up to be Section Chairs, Moderators, and Judges. We could not do it without you!!

Welcome to Raleigh and have a great meeting!

SYMPOSIUM-03.

The Herbicide Resistance Action Committee

LOCATION: City of Oaks Ballroom
TIME: 9:00-11:00 AM Eastern
MODERATORS: Ian Burke
North Carolina State University
Raleigh, NC
Dawn Refsell
Corteva AgriScience
Johnston, IA

Join members of the Herbicide Resistance Action Committee (HRAC) for a dynamic symposium focused on bridging the gap between technical resistance research and field-level implementation. This session moves beyond the traditional poster gallery, utilizing each presentation as a focal point for expert-led table discussions.

Participants will explore the essential pillars of modern resistance management: the standardization of global terminology, the development of robust genetic repositories, and the refinement of validation criteria. The session also tackles the "human element" of weed science, discussing proven strategies for improving grower adoption of Integrated Weed Management (IWM). Engage directly with the HRAC Committee to discuss the tools, data, and collaborative frameworks necessary to stay ahead of evolving resistance challenges.

WEDNESDAY MORNING FEBRUARY 11

IWGC Meeting

LOCATION: Capital
TIME: 11:00 AM-12:00 PM Eastern
MODERATOR: Todd Gaines
Colorado State University
Fort Collins, CO

WEDNESDAY MORNING FEBRUARY 11

**Oral 14. Sensing, Automation, and Precision
Technologies**

LOCATION: Glenwood Ballroom
Salon I
TIME: 9:30 AM-12:00 PM Eastern
MODERATORS: Michael Walsh
Charles Stuart University
Wagga Wagga, NSW
Australia

***SPEAKER**

- 09:30 AM **355. Bullseye on Weeds: How Verdant's Aim and Apply Targeted Spray Technology Affects Weed Control, Yield, and Quality of Fall Spinach.** Thierry E. Besancon*¹, Lynn M. Sosnoskie², Chad Yagow³, John Purcell³.
¹Rutgers University, New Brunswick, NJ,
²Cornell University, Ithaca, NY, ³Verdant Robotics \, Hayward, CA
- 09:45 AM **356. Building A Targeted Spray Research Program: Lessons learned at the University of Florida.** Nathan Boyd*¹. ¹University of Florida, Gainesville, FL
- 10:00 AM **357. Design and Development of an Autonomous Weed Monitoring System for Florida Production Fields.** Renato Herrig Furlanetto*¹, Arnold Schumann², Nathan Boyd¹.
¹University of Florida - Gulf Coast Research and Education Center, Wimauma, FL,

²University of Florida - Citrus Research and Education Center, Lake Alfred, FL

- 10:15 AM **358. Innovative MOA for Controlling *A. Palmeri* Resistant using a drone application.** Ido Shwartz*¹, Tal Kerem¹, Amit Koch¹, Tarin Harpaz¹, Efrat Lidor Nili¹, Orly Noivrit Brick¹. *¹WeedOUT, Ness Ziona, Israel*
- 10:30 AM **359. Performance of Organic Herbicides Using Broadcast and Pinpoint Spray Technology.** Clebson Gonçalves*¹. *¹University of California UC Cooperative Extension, Lakeport, CA*
- 10:45 AM **360. Impact of Smart Spray Technology on Goosegrass (*Eleusine indica* L.) Control in Plasticulture Tomatoes.** Ana Claudia Buzanini¹, Renato Herrig Furlanetto¹, Arnold Walter Schumann¹, Nathan Boyd¹. *¹University of Florida, Gainesville, FL*
- 11:00 AM **361. Advances in Precision Weed Management, 2026.** Vijay Singh*¹, Akash Brar¹, Fatemeh Esmailbeiki¹, Rutvij Wamans¹, Robert Cooley¹, Daniel Martin². *¹ Virginia Polytechnic Institute and State University, Blacksburg, VA, ²Pluvium, LLC, College Station, TX*
- 11:15 AM **362. Predicting Spray Drift from Uncrewed Aerial Systems Using Machine Learning Models.** Vijay Singh¹, Fatemeh Esmailbeiki¹, Daniel Martin². *¹ Virginia Polytechnic Institute and State University, Blacksburg, VA, ²Pluvium, LLC, College Station, TX*
- 11:30 AM **363. Cover Crop Planting Using Uncrewed Aerial System.** Vijay Singh*¹, Rutvij Wamans¹, Milos Viric¹, Akashdeep Singh Brar¹. *¹ Virginia Polytechnic Institute and State University, Blacksburg, VA*

WEDNESDAY AFTERNOON FEBRUARY 11

Oral 15. Genomics

LOCATION: Glenwood Ballroom
 Salon I

TIME: 1:15 PM-4:30 PM Eastern

MODERATORS: Isabelle Noe
University of Illinois
Urbana-Champaign, IL

***SPEAKER**

- 01:15 PM **364. Establishment of a *Rhizobium rhizogenes*-Mediated Hairy Root Transformation System for Functional 15 Genomics in *Amaranthus palmeri*.** Mithila Jugulam*¹, Manikandan Ramasamy², Chi-Kuan Tu², Kranthi Mandadi². ¹Texas A&M University AgriLife, Weslaco, TX, ²Texas A&M AgriLife Research and Extension Center, Weslaco, TX
- 01:30 PM **365. The Parasitic Weed Egyptian Broomrape (*Phelipanche aegyptiaca*) Adapts Its Gene Expression to Integrated with Different Host Species.** James Westwood*¹, Jaret Arnold¹, Sukhmanpreet Kaur², Soyon Park³. ¹ Virginia Polytechnic Institute and State University, Blacksburg, VA, ²Lawrence Berkley National Lab, Berkley, CA, ³University of Missouri, Columbia, MO
- 01:45 PM **366. An Annotated Telomere-to-Telomere Genome Assembly of Mayweed Chamomile (*Anthemis cotula*) Reveals Candidate Genes for Mechanisms of Local Adaptation.** Raissa Na-ah*¹, P. Jeff Maughan², Samuel Revolinski³, Subodh Adhikari⁴, Rick Jellan², P. Weston Maughan¹, Ian Burke⁵, Olivia Landau⁶. ¹Washington State University, Pullman, WA, ²Brigham Young University, Provo, UT, ³University of Kentucky, Lexington, KY, ⁴Utah State University, Logan, UT, ⁵North Carolina State University, Raleigh, NC, ⁶USDA-ARS Wheat Health, Genetics, and Quality Research Unit, Pullman, WA
- 02:00 PM **367. Genomic Basis of Rapid Herbicide Resistance Evolution from Recurrent Selection in *Lolium rigidum*.** Célia Neto*¹, Todd Gaines², Paul Neve¹. ¹University of Copenhagen, Copenhagen, Denmark, ²Colorado State University, Ft. Collins, CO
- 02:15 PM **368. Sorting Sorghum: Development of KASP Assay for Distinguishing *S. bicolor*, *halepense*, and their Hybrids.** Connor Purvis*¹, Eric L. Patterson¹, Erin E. Burns¹. ¹Michigan State University, East Lansing, MI

- 02:30 PM **369. Pooled Whole-Genome Sequencing for Assessing Herbicide Resistance Genetics.** Acer VanWallendael*¹. ¹*North Carolina State University, Raleigh, NC*
- 02:45 PM **370. Survey of Weed Population Genetics Across North Carolina Field Stations.** Nikolai Hay*¹, Morgan Alexander¹, Audrey Fahey¹, Leigh Schwinden¹, Emily Hochschild¹, Acer VanWallendael¹. ¹*North Carolina State University, Raleigh, NC*
- 03:00 PM BREAK**
- 03:15 PM **371. Trait Mapping Utilizing a Newly Constructed Genome for Allohexaploid Invasive Eurasian Watermilfoil *Myriophyllum spicatum* Reveals a Non-Target Site QTL Associated with Fluridone Resistance.** Gregory Chorak*¹, Del Hannay¹, Ryan Thum¹. ¹*Montana State University, Bozeman, MT*
- 03:30 PM **372. The Evolution of Sex Chromosomes in Amaranthus.** Damilola Raiyemo¹, Isabel Werle Noe¹, Ramandeep Kaur¹, Lauren Whitt², Sarah Carey², Haley Hale², Alex Harkess², Victor Llaca³, Kevin Fengler³, Eric Patterson⁴, Todd Gaines⁵, Patrick Tranel*¹. ¹*University of Illinois Urbana-Champaign, Urbana-Champaign, IL*, ²*HudsonAlpha, Huntsville, AL*, ³*Corteva AgriScience, Indianapolis, IN*, ⁴*Michigan State University, East Lansing, MI*, ⁵*Colorado State University, Ft. Meeting Conduct Reminder

The WSSA Code of Ethics defines professional conduct binding on all members of the Society. Members should recognize that this code of ethics and conduct signifies a voluntary assumption of the obligation of self-discipline and members should strive to uphold and maintain the honor and dignity of the Society.

The following rules and standards of conduct have been developed for the safe and efficient operation of the WSSA and for the benefit and protection of the rights and safety of all. WSSA members are expected to observe the highest standards of professional conduct at all times, while at work or engaged in Society business.

- 1. Obey all laws, rules and regulations governing our business.** The WSSA is subject to applicable federal laws in the state or country of the meeting or event. It is the policy of the WSSA that all laws, rules and regulations are complied with fully and completely. If it is unclear whether an action or activity is a legal or ethical violation, contact the WSSA President and/or Executive Secretary immediately for advice. Any incident or situation that violates the law or this policy should be immediately reported to the President and/or Executive Secretary; in person or via this contact information: info@wssa.net or 720-445-4789.
- 2. Be honest, truthful, fair and trustworthy in all WSSA activities and relationships.** The WSSA expects each member to treat other members with respect and honesty. This includes providing information that is accurate, complete, objective, timely, relevant, and understandable.
- 3. Respect and protect WSSA assets.** Assets are anything of value owned by the WSSA. All WSSA members are expected to be custodians of those assets. Members are responsible to maintain Society assets in good condition and to protect them from loss. This includes, but is not limited to, real assets and equipment as well as “soft assets” such as intellectual property, member lists, and other confidential information owned by the Society. WSSA assets of any kind should not be used for personal benefit.
- 4. Avoid all conflicts of interest between Society business and personal affairs.** All WSSA members are expected to act with total objectivity regarding WSSA business. Accordingly, it is improper for a WSSA member to be in a position where their personal interests’ conflict, or appears to conflict, with WSSA interests. WSSA members should not use their position within the WSSA to influence WSSA members or others for their personal benefit. If a member believes that a conflict of interest has developed or may develop, it should be promptly reported to the WSSA President and/or Executive Secretary. The Society’s Conflict of Interest Policy is outlined in 5.8.

5. Promote a culture of respect for all WSSA members. The WSSA supports and adheres to laws and regulations dealing with fair member practices. Membership discrimination in our Society based on sex, race, age, religion, national origin, or sexual preference will not be tolerated. Sexual harassment will not be tolerated. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature that explicitly or implicitly affects an individual's membership in the society, unreasonably interferes with an individual's activities within the society, or creates an intimidating, hostile or offensive society environment. This also includes inappropriate use of nudity and/or sexual images in public spaces (including within visual presentations, Twitter, and other online media); deliberate intimidation, stalking, or unwelcome following; harassing photography or recording; and sustained disruption of talks or other events.

6. Use your best efforts to maintain a safe environment and protect the Society. The WSSA believes in and supports the laws designated to keep our Society safe and designed to protect the environment. If you believe that an unsafe condition exists in our Society, bring it immediately to the attention of the President, a member of the Board, or Executive Secretary. If an accident takes place, report it pursuant to policy and immediately take action to address the problem. Any incident or situation that violates the law or this policy should be immediately reported to the President and/or Executive Secretary; in person or via this contact information: info@wssa.net or 720-445-4789.

7. Promote an ethical culture for all WSSA members. The WSSA always expects all of its members to conduct themselves ethically and to encourage and support that behavior in their fellow members. Members exercise integrity in scientific research activities and in the reporting of results.

8. Relation of professionals to the public. They shall not knowingly permit the publication of reports or other documents for any unsound or illegitimate undertaking.

9. Respect fellow WSSA members. Members shall freely give credit for work done by others to whom the credit is due and shall refrain from plagiarism in oral and written communication, and not knowingly accept credit rightfully due to another person.

10. Reporting alleged violations. Violation of the WSSA Code of Ethics and Conduct may subject a member to disciplinary action up to and including membership revocation. At the annual conference, when "Safe WSSA" members become aware of a complaint, they will seek out the alleged victim(s) and offender(s) separately and gather facts. Immediate responses at the conference may range from warning a harasser to cease his or her behavior immediately, to ending a speaker's talk early if

the speaker uses inappropriate language or images, to requiring a harasser to leave the conference immediately with no refund, to banning a harasser from future events “either indefinitely or for a certain time period.” Law enforcement may be engaged if circumstances require.
