

## 2021 WSSA Standing Committee Report

Committee Name and Code: **Terminology, P22**

Committee Chair: **Joan Campbell**

Committee Members (includes sub-committee members): **P22:** Rakesh Godara, Rakesh Jain, Brad Hanson, Shawn Askew, Karla Gage, Ex-off.

**Subcommittee P22b:** Karla Gage, chair, Lauren Lazaro, Mark Czamota, Joan Campbell, Shawn Askew; Camp Hand, Theresa Piskackova, Eugene Law, Brian Young, Ex-off, Carroll Moseley, Ex-Off

Board of Directors Liaison: **Rob Richardson**

Committee members rotating off and recommended replacements:

**Rakesh Godara and Rakesh Jain terms end in 2021.**

Summary of past year's activities including:

**In 2020, there was an approval request for one herbicide, trifludimoxazin. Request was approved. The committee met via email and no changes were made to the SOP.**

**The Standardized Plant Names Subcommittee, P22b, has undertaken a large job of standardizing common names with the USDA Plants database. Karla Gage, chair, will be submitting a separate report. The subcommittee annual meeting is Feb 9.**

- WSSA funds requested if any? **None**
- Current state of the committee's projects or activities? **Requests for herbicide terminology approvals are considered when the request is made. The subcommittee is actively working on standardizing common names.**
- Any new information posted on the WSSA website? **Trifludimoxazin was added to the site of action Excel spreadsheet**

Summary of plans for next year (changes in goals, key initiatives, plan of action, etc.): **Consider herbicide terminology approval as the requests are made.**

**The Standardized Plant Names Subcommittee will continue standardizing names with the USDA Plants database.**

Recommendations for Board or Membership action (funds or other requests):

From the MOP:

c. Newly approved common and chemical names will be published in Weed Technology Notes and on the back cover of Weed Science as well as distributed to regional societies and other interested parties.

d. A complete list of approved herbicide names will be maintained by the Herbicide Nomenclature Subcommittee and published periodically in Weed Science.

**Changes to Part c.**

**The WSSA website has a publication dated 2010 for the herbicide list. However, the herbicides in Site of Action Excel list seems updated.**

**We should delete that 2010 herbicide list and just refer to the Site of Action data.**

**Delete the list on the back cover of Weed Science since it is online.**

**Changes to Part d.**

**The Nomenclature Subcommittee is now the Standardized Plant names P22b. They are not considering herbicides. The point in d. above should be the main terminology committee duty.**
